

“Humanity should switch from using the solar capital (such as coal) to using the natural movements caused by solar radiation”

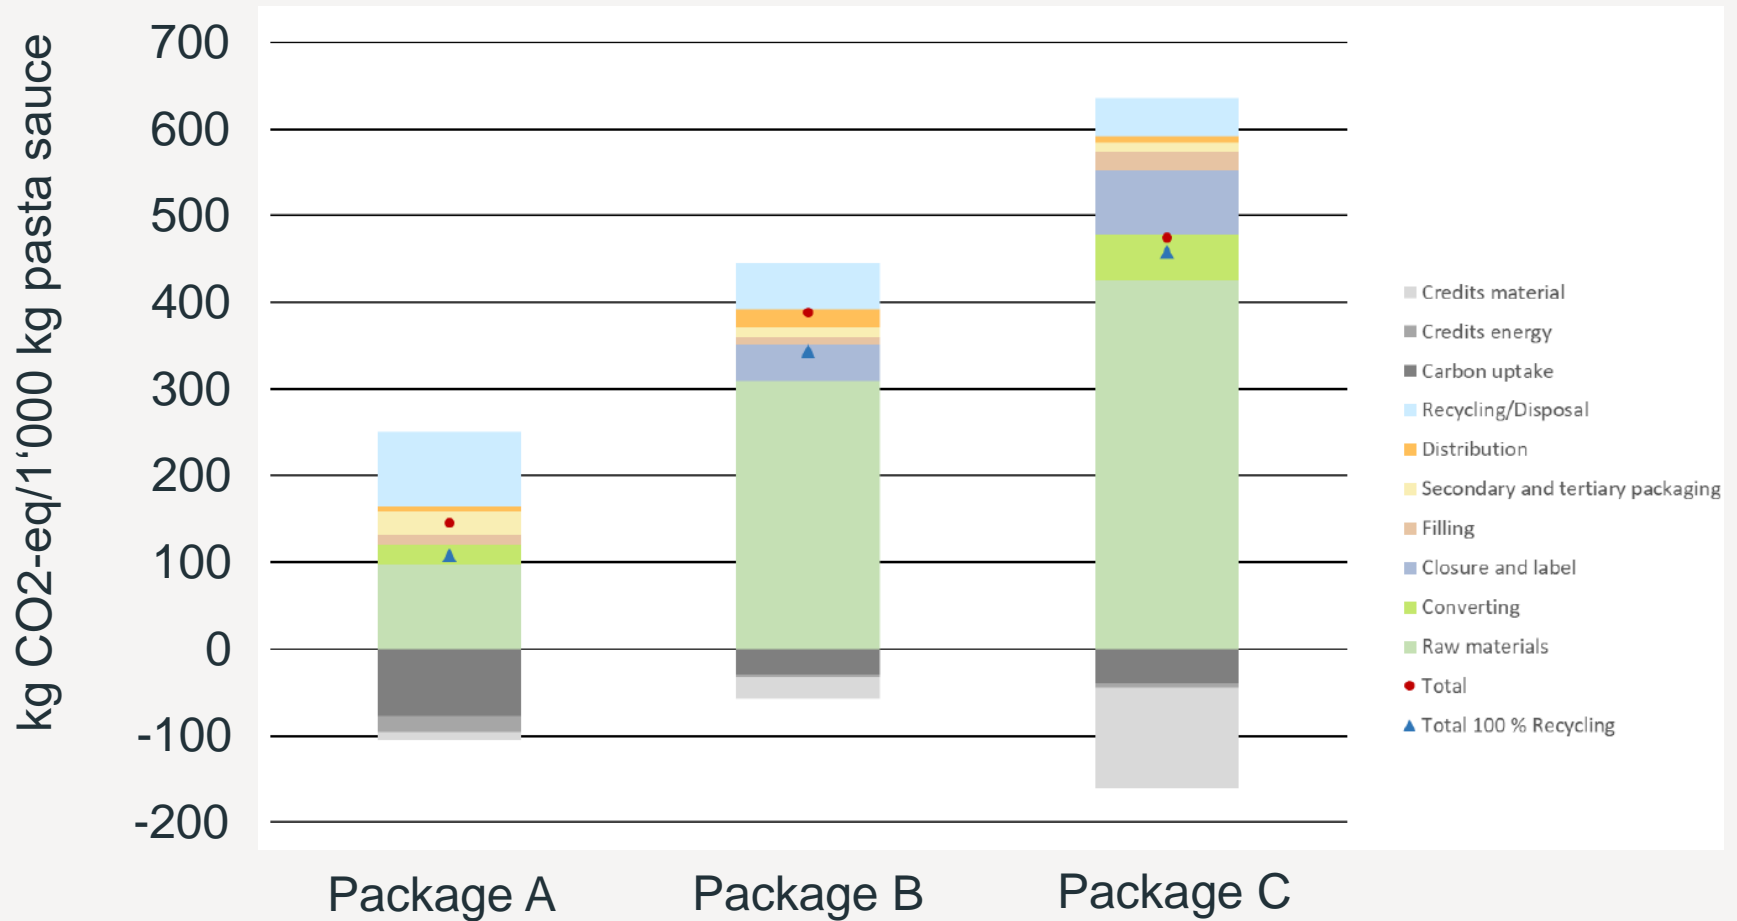

Life cycle thinking study results: Light towers or Castles in the air?

EXHIBIT 20 | Case Studies for EU27 Show Annual CO₂ Savings of About 440 Mt and Only 70 Mt of Extra CO₂ Emissions

Boston Consulting Group, 2011

Life cycle thinking study results: Light towers or Tealights

lfue, 2021

The role and effect of LCA

- How much does LCA really **help in reducing pressure** on the environment?
- Which **important decisions** were based on life cycle thinking and analysis?
- How can LCA become **more effective** for big and relevant issues?
- Does society need **LCA** to guide it towards a **life within planetary boundaries**?

The Jubilee event

Monday 13 September 2021

Morning
