

# 87<sup>th</sup> LCA Discussion Forum

## Biodiversity in LCA: how far have we come?

3 September 2024, ETH Zentrum campus, Alumni Pavillon (GEP) and online

- Currently we face a sixth mass extinction
  - models are needed that account for the numerous impacts biodiversity is facing
  - biodiversity-friendly pathways for future societal development are needed
- 14 years after the first DF on biodiversity we take stock of the current state-of-the-art in assessing biodiversity in LCA and discuss the way forward for method development !

# Call for Topics 2025

- During the summer months, the decision about the fora for 2025 will be taken by the Board of the Swiss LCA DF.
- You are invited to submit a proposal for such a full-day discussion forum. For this ...
  - please **fill out our theme template**, that you will get after this forum by mail (... including a short abstract of the envisioned forum, and a short description why your topic is interesting for the LCA community),
  - and send it to Barbara Dold ([lcaforum@ethz.ch](mailto:lcaforum@ethz.ch)) until **Friday, 28<sup>th</sup> of June 2024**
- The decision of the board about next year's program will then be communicated in late summer.
